

RIVER HILLS HARVEST

Premium American Elderberry Products & Plants
Our Products

Farmer Grown & Farmer Owned

River Hills Harvest American elderberry products are all grown and made here in the USA. Our Premium Elderberry Juice has zero added water, sugar or alcohol and is not-from-concentrate. It's sweetened version, American Elderberry Cordial has hints of cinnamon, clove and honey. We would recommend taking a few tablespoons daily. We use only elderberries native to the USA and are able to maintain a minimal heat process on them, keeping all the good stuff! You can rest assured your purchase will directly support American farmers and businesses.

We are farmers, makers and lovers of life and health...

American Elderberries

We have been elderberry farmers for 20 years and are a certified nursery. We have plants and/or cuttings available throughout the year. We carry most American elderberry selections, free of pests and diseases.

- Beginning in fall, dormant hardwood American elderberry cuttings can be pre-ordered and sold in bulk or in individual 3 pack bags. These will ship out in January-March of the following year.
- Mid spring, we will have rooted American elderberry cuttings available for late spring planting.
- Throughout the summer, locally we can provide gallon potted plants upon request.
- In fall we will have bare root American elderberries available for fall planting.
